

To our Tom Thumb Wonderful Parents,

Please explain this letter to all of our children.

The seniors were briefly introduced to a set of medals; then school was CLOSED! They were told I would not give them each a medal. Kids would pick a medal they think they would deserve or what they want to be.

I used this as an incentive whenever we practiced for our Spring Show and Graduation. They really did sing their hearts out when they saw the medals. Parents please help them sight read the medals. Make it special. Tell them Mrs. Brophy said "READING IS FUN." I am working on a HUGE MEDAL for all the parents who can survive these demanding times (you know I'm kidding about the medal, but not about your true value).

Please ask the children to listen to Gary Pane's "Wash Your Hands" I am going to create a shorter version soon. I think this song is going to make it to the Tom Thumb Greatest Hits album!

Again, be healthy, safe and remember that we TOGETHER will RECOVER STRONGER THAN EVER!

Later, children will get instructions on how to choose the number of the medal they WANT TO BE (a first choice and a second choice please). AND, YES all my Juniors can pick medals also. Parents please help them. Thank you so much, I need you all!

~ Nancy Brophy
